10TH GRADE PROGRAM / THE EXPERIENCE

The work behind the next step.

PERSONALIZED GUIDANCE. PRACTICAL PROGRESS.

01 Make interests tangible

Use selected readings, videos, conversations, and accessible experiences to investigate possible fields. Compare the work involved before committing to a larger activity.

02 Design a focused next step

Develop a feasible project or activity matched to the student's readiness and time. Clarify its purpose, first action, resources, milestones, and a result the student can own.

03 Develop the work through feedback

Review progress, questions, and difficulties. Help the student revise the approach, use support, and move toward substantive work rather than simply checking off an activity.

04 Connect learning with future choices

Reflect on what the experience reveals about strengths and interests. Use those insights to consider academic priorities, possible majors, and summer plans.

PROGRESS TO DISCUSS TOGETHER

*A plan. Real work.
A clearer next step.*

- 01 An exploration record and activity plan
- 02 Work, feedback, and revisions
- 03 Academic and summer priorities

PROGRAM SCOPE

10 counseling meetings per year, including initial planning and reviews. Enrollment duration, communication, and Grade 12 application support are defined in the written agreement.
