11TH GRADE PROGRAM / THE EXPERIENCE

The work behind the next step.

PERSONALIZED GUIDANCE. PRACTICAL PROGRESS.

01 Prioritize the work ahead

Review academics, workload, commitments, and current challenges. Identify what matters most and organize preparation around realistic priorities and available time.

02 Deepen meaningful commitments

Build on an existing activity or choose a feasible challenge. Use feedback to develop the work and help the student articulate their contribution, rather than simply add activities.

03 Explore colleges and majors

Connect college and major exploration with academic preparation, interests, and circumstances. Identify requirements, research questions, and upcoming decisions that deserve attention.

04 Build application readiness

Help the student recognize truthful examples of learning, responsibility, and growth. Set preparation milestones and clarify what remains to be done before applications begin.

PROGRESS TO DISCUSS TOGETHER

*A plan. Real work.
A clearer next step.*

- 01 A prioritized preparation plan
- 02 Evidence of substantive activity work
- 03 A college exploration and readiness roadmap

PROGRAM SCOPE

10 counseling meetings per year, including initial planning and reviews. Enrollment duration, communication, and Grade 12 application support are defined in the written agreement.
