

ONE-SEMESTER STUDENT GUIDANCE

Student Focus

*One clear priority.
A purposeful step.*

THEIR POTENTIAL. THEIR PATH.

Give one important challenge the attention it deserves. Together, we understand the obstacle, choose concrete actions, and develop an approach the student can continue using after the semester.

WHO IT IS FOR

For students working on a defined challenge or near-term goal.

1

semester
approximately 5 months

One meaningful goal.
A manageable plan.

Name the real obstacle

Make progress manageable

Prepare to continue

Clarify one specific priority.

Clear actions and useful checkpoints.

Identify effective strategies and support.

EXPLORE THE GUIDANCE AND SCOPE ON THE REVERSE.

STUDENT FOCUS / THE EXPERIENCE

The work behind the next step.

PERSONALIZED GUIDANCE. PRACTICAL PROGRESS.

01 Define the priority together

Listen to the student and clarify the difficulty. Select a specific academic, planning, exploration, or activity goal that can receive meaningful attention within the available time.

02 Create an actionable plan

Translate the goal into clear actions, resources, and checkpoints. Make the first step understandable and identify what the student can bring back for discussion.

03 Review and adjust the approach

Examine effort, actual work, and obstacles. Match challenge with support, revise what is not working, and help the student understand which approaches make progress possible.

04 Prepare a continuation plan

Review what has improved, what the student can now do independently, and where support is still needed. Set practical next steps for continuing after the program.

PROGRESS TO DISCUSS TOGETHER

*A plan. Real work.
A clearer next step.*

- 01 A focused plan with clear checkpoints
- 02 Evidence of work and learning
- 03 A practical continuation plan

PROGRAM SCOPE

Approximately 5 months during one semester. Meeting frequency, communication, and deliverables are agreed at enrollment around the selected goals.
